

NONPROFITS

**A Directory of Nonprofits in Pitt County
Provided by the
City of Greenville**

October 2006

INTRODUCTION

This directory of nonprofits in Pitt County has been created in response to one of the goals established by the Greenville City Council at the January 2006 City Council annual planning session, which was to create a database of nonprofit organizations within Pitt County. Using the information provided by the North Carolina Secretary of State's Office and the Internal Revenue Service, names and addresses were obtained on all registered nonprofits in Pitt County. In September, after verifying the addresses, a one-page survey form requesting up-to-date information was sent to the more than 900 nonprofits listed. The information contained in this directory was prepared based upon the information from the almost 200 completed surveys that were returned to the City Clerk's Office. Many of the nonprofits that received surveys are not in operation.

It should be noted that not all of the nonprofits listed provide services to the general citizenry. They were captured, however, so that the directory would contain information on all registered nonprofits in Pitt County. The first section of the directory lists the nonprofits by service categories. The next section is an alphabetical listing consisting of the detailed information that was provided by the nonprofits.

It is hoped that this Directory will benefit citizens who may need assistance or need information from these nonprofits.

SERVICE CATEGORIES OF NONPROFITS IN PITT COUNTY
